<b>Why did you begin your sport</b>	My interest in clay target shooting came from following my dad around the gun club since the age of 10. I obtained my junior firearm license as soon as I turned 12. In late 2012, after the London Olympic Games I commenced coaching with Australian Olympian, Lauryn Mark and was inspired to pursue skeet.
<b>What are your pre-competition routines or rituals?</b>	My pre-competition routines usually involve listening to music, warming up by going for a run and throwing bouncy balls around/juggling.
<b>What is your most memorable sporting achievement?</b>	My most memorable sporting achievement would be competing for Australia at the 2016 Olympic Games in Rio. I became the youngest shooter to ever compete for Australia at an Olympic Games and I was the youngest shooter at the games of 390 athletes.
<b>Who is your hero / idol, and why? Have you ever met them?</b>	
<b>Who has been the most influential person in your career and why?</b>	My parents and my coach Lauryn have been the most influential person in my career because without them I would not be where I am now. They have supported me on my journey and been there to help me to achieve my goals.
<b>Do you have any hobbies away from your sport?</b>	During summer I love going to the beach
<b>What is your sporting ambition?</b>	I want to win an Olympic gold medal for Australia

<b>What is an interesting fact about yourself, either involved or not involved with shooting?</b>	I'm naturally right-handed in everything I do except for shooting. I shoot left handed because I am left eye dominant. I started shooting at an early age and learnt to shoot left handed. Now picking up a gun right handed feels unnatural!
<b>Do you have any relative that have achieved a high level in their chosen sport?</b>	No
